LIQUID CATA ARTIC,

OR

Pleasant Family Physic.

A Sent to the taste, unexcelled in its coun upon the Liver, Stomach, and general system. As an antibilious and alterative physic, this medicine

HAS NO EQUAL IN THE WORLD.

I have used it constantly in my practice for upwards of ten years in all cases where a good physic and alterative was required, and would not now do without it. It is the Physician's Assistant, as well as the safest family medicine in use. Children drink it with pleasure. It will not nauseate the weakest stomach. It produces no griping, but operates easily, thoroughly, and is sure to eradicate all imperities from the system if it is properly taken. Already thousands of living witnesses are ready to testify to its superior virtues, independent of its purgative and anti-billious qualities. It has cured the worst cases of Erysipelas in a few days. It is a never-failing cure for Headache, Liver Complaint, Jaundies, Kidney Complaint, Billious Fever, Pains in the Side, Back, Breast, and Limbs, Colds, Gramps, Worms, Lumbago, Blotches on the Skin, Pimples, Cutaneous Eruptions, Obstructions in the System, Constination of the Bowels, Discincia, Mercurial Diseases, Pleurisy, Female Irregularities, Bowel Complaints, Ulcers of all kinds, &c. It cleanses by its superior medicinal virtues, the ulcerous humor from the blood and corrupt bile from the stomach, carrying it off through the natural channels; it invigorates the blood and leaves the system healthy. I ask my friends to test the above medicine, and pronounce a verdict as they shall be impressed by the evidence. Those who know me professionally will not doubt its worth.

Since its lirat introduction, no medicine has attained such wonderful popularity, and its sales have increased beyond the most sanguine hopes of tat friends. Neighbors recommend it as a safe and unequalled physic! Physicians carry it with them. Children will take no other after one trial, and parents should use no other in their f

TESTIMONY Fill M NORTH CAROLINA.

Certificate of Dr. W. Smith, of Pine Hill, Rich mond County, North Carolina.

PERR HILL, March 4, 1854.

DEAR SIR: I have been a subject of Dyspepsia, in its worst form, for the last five years. Such was my condition for twelve months that the physicians and all who saw me said I must die. While in this condition, I was carried to the watering places in Virginia, Tennesses, and North Carolina, but was not benefited by any water to which I was taken. While on my way home, I stopped a week at Rutherfordton, a small village in North Carolina, to try the effect of some Chalybeate water in that place. About the last of the week I went into a drug store to get some medicine for my child and myself. There were several of the village physicians in the store, and one of them seemed to take some interest in my case, and, after saking me some questions, said he had been a dyspeptic, and had been greatly benefited by the use of "Hoofiand's German Bitters," prepared by yeu, and he insisted that I would try the Bitters. He also called the next day at my room, and insisted so much that I would try them that I saked him to get me one bottle. He did it, and I commenced taking it as directed, and I was more benefited by it than all the water and medicine I had ever taken.

After reaching home, one of my neighbors came to me for a prescription and medicine, the above pitc, and I gave him nearly all the Bitters I had left, which effected much good in his case. He has often called on me for more of the same kind of medicine, saying he was more benefited by it than any other he had taken, but I have not been able to get any more for him or myself since. Will you, therefore, please ship me a dozen or more as foen as possible.

Respectfully, yours.

D. R. Hooker, Roger's Store, Wake county, North Carolina, October 24, 1858, says:

It is only necessary to say, that after very many years of experience, and being fully conversant with all of the various kinds of Stoves which have been invented on the down-draft 'inciple, that I have taken advantage of every well-known improvement that has from time to time been made, particularly in reference to the formation and construction of the flues, which are always necessary to be large, and I have fully applied every improvement and combined them all in the "Sunrise Air-Tight Cooking Stove." This Stove is made very heavy, and is a good substantial article; I have made them extra heavy in all the, parts where long experience has proved it to be important, and I can assure my quatomers that I have spared neither pains nor expense in getting it up; and it will not be excelled by any stove now known of a similar character; I am convinced that it will at once become a standard Stove.

I have fully tried them in every way, with WOOD and COAL, and strongly recommend them to the public. They operate in the most satisfactory manner.
